ABOUT DERMACOL

# EUROPEAN SKIN & BODY CARE SPECIALIST SINCE 1966

[WWW.DERMACOL.COM](http://WWW.DERMACOL.COM)

Dermacol, an original Czech brand, was started in the Barrandov Film Studios in 1966. Soon, film studio experts teamed with dermatologists from the Medical Cosmetics Institute in Prague. The joint efforts of cosmetic specialists, who based their trade on medical principles, and film make-up experts were very successful. More than 50 years ago, Dermacol Make-up Cover, the first Dermacol product, which has brought the brand international recognition and is still highly valued, was created as the first foundation of its kind in Europe and one of the first in the world. The license for this foundation was eventually sold to Hollywood in 1969.

Today, Dermacol is a dynamically developing and successful family-owned Czech company which is synonymous with make-up in the Czech Republic. This is due to its long tradition of keeping pace with trends in cosmetics and emphasizing quality based on the

most recent cosmetics research to be able to continue offering the best to its customers without compromising the brand's quality or philosophy.

Thanks to the quality of its ingredients, modern manufacturing processes and

SMOOTHENING

- Smoothens your skin and fills in fine lines and pores
- Prevents the accumulation of make-up
- Creates a velvety film on your skin
- Enhances the look and durability of make-up

**1. SATIN MAKE-UP BASE**  
This smoothing Satin make-up base fills in and erases wrinkles and fine lines, reduces the size of pores and prevents make-up from accumulating in wrinkles. It creates a velvety-soft film on your skin and enhances the look and durability of the make-up.  
**2008 AWARD FOR BEST PRODUCT BY THE ASSOCIATION OF CZECH MAKE-UP ARTISTS**

**2. PEARL ENERGY MAKE-UP BASE**  
This smoothing make-up base with pearl extract and pink pigments removes your skin's duskiness and the signs of tired skin and gives it a healthy fresh look and instant radiance. This make-up base smoothens the skin, fills in wrinkles, reduces the size of pores and prevents make-up from accumulating in them.  
1408A, 15 ml  
1421, 20 ml

**3. GOLD ANTI-WRINKLE MAKE-UP BASE**  
This wrinkle-filling and smoothing make-up base with gold glitter and seaweed extracts significantly slows the aging process, improves your skin's elasticity and softness, and adds brightness and vitality. Your skin is visibly rejuvenated and prepared for the application of make-up.  
1422, 20 ml

**4. MATT CONTROL MAKE-UP BASE**  
This long-lasting mattifying make-up base will provide your skin with a perfectly matte appearance and remove all shine for as long as 18 hours. Its light, creamy texture makes your skin's surface smooth and fills in lines and pores, thus reducing their visibility and preventing your make-up from caking. It improves your skin's appearance while increasing your make-up's resistance.  
1411A, 20 ml

**5. BLACK MAGIC MAKE-UP BASE**  
This mattifying make-up base perfectly smoothens out your skin, fills in wrinkles and fine lines, reduces the size of pores and prolongs the duration of your make-up. Its gel texture with active carbon will refresh your skin and eliminate any imperfections.  
1420, 20 ml

**DERMACOL TIP**

Apply a small amount (just a few drops) onto completely clean skin previously treated with your day cream and gently spread the make-up base over your face with your fingers (using similar strokes as when applying your face cream).

MAKE-UP COVER

# LEGENDARY HIGH-COVERING FOUNDATION SINCE 1966

WWW.MAKE-UPCOVER.COM

The clinically tested full-coverage Make-Up Cover was developed as one of the first full coverage foundations both throughout Europe and in the world. Its formula was designed in the 1960s in the Barrandov Film Studios in Prague as a product to be used by film make-up artists. Towards the end of the 1960s, the license for this make-up was even sold to Hollywood. Throughout the 50-year history of the Dermacol brand, it has been unique and the most successful product, sold in more than 70 countries all over the world today. Its creamy, preservative-free consistency with a high pigment content (more than 50%) will cover and even any skin imperfections and makes the skin appear silky smooth. It is hypoallergenic, very easily dermatologically tolerated and provides intense protection against UV rays (SPF 30) and harmful environmental effects.

**You can apply it onto your entire face and body, if you need to correct your skin tone (to make it either lighter or darker) or for professional make-up: photo shoots, modeling, festive occasions, etc.**

Dermacol Make-Up Cover has a long-lasting effect and covers both minor and major skin defects: dark circles under your eyes, scars, pimples, any pigment loss, pigment spots, and can even cover a tattoo, if needed.

**It improves the appearance of tired, dull, uneven or pale skin. It is applied over a base cream and can be combined with other Dermacol make-up foundations.**

## DERMACOL FILMSTUDIO BARRANDOV PRAGUE MAKE-UP COVER

One of the most vivid memories of OLGA KNOBLOCHOVÁ, the founder of Dermacol, is:

*"At a dermatologic congress held in 1967, I was demonstrating how to cover a large nevus (mole) on the face of a 20-year-old medical student. The student saw herself in the mirror*

*without this skin defect for the first time ever in her life. She burst into tears of surprise and joy.*

*I used this product myself to cover freckles, which were not in style at that time."*

**DERMACOL MAKE-UP COVER**

The legendary high-covering Dermacol Make-up Cover provides perfect coverage for all skin imperfections, even in a thin layer. It is the perfect corrector for dark under-eye circles, unpleasant spots and skin blemishes. It may be used on the entire face in order to darken or lighten your skin, ensuring the ideal balance. Widely used as professional make-up for photo or film shoots, modelling and festive occasions.

FOUNDATION

# The cornerstone of a polished look is a foundation!

It covers all skin imperfections, evens the skin tone and gives it a neat appearance. It provides excellent protection for the skin throughout the day and the skin looks flawless and well-kept. The most important difference among foundations is the degree of coverage. Dermacol offers a very wide range of foundations – light, medium and high-coverage and toning foundations – because we have been producing foundations for more than 50 years now and in our country, the name Dermacol is synonymous with foundation.

A properly selected make-up will provide your skin with everything it needs:

8. BB MAGIC BEAUTY CREAM 8IN1

This unique BB cream provides the same care for your skin as a face cream and has the same effects as foundation. It creates a natural appearance for your skin, evens your skin tone and covers any imperfections. It moisturizes your skin, makes it glow and provides a sensation of fresh and silky skin. SPF 15 30 ml

DERMACOL TIP

To choose the right color shade for your skin, try the foundation on the neck or cheek bone, not on the hand. For the best application, gently tap the make-up onto completely clean skin with your fingers or with a damp make-up sponge. Start at the forehead and continue towards the hairline and then downwards along the cheeks to the chin line. Finish it on your nose, cheeks and chin. Tone out the edges to eliminate any sharp color transitions. Do not forget the neck.

POWDER

POWDER & BLUSHER

# A perfect, fresh and matte look!

In general, a powder fixes all types of foundations, adds a matte and polished look to your skin, creates a velvety look, makes your skin's tone even and prevents your skin from having an oily appearance. Therefore, carry it with you at all times and apply it over your make-up any time during the day for an always velvety matte look.

**DERMACOL TIP**  
First apply the concealer corrector under your eyes, and then onto your nose and chin. Next, brush these places with the banana powder (preferably with a sponge or a blending brush). Let it "sit" and after a while, remove any extra powder with a fine brush.

**1. LONGWEAR MAKE-UP FIXING SPRAY**  
This make-up fixation spray prolongs the flawless appearance of your make-up and protects it against environmental influences. Aloe vera and panthenol bring a fresh and pleasant feeling to your skin. **Use:** Apply to finish your make-up. Shake the spray well, close your eyes and mouth and from a distance of 30 cm, apply evenly onto your face. Avoid any contact with the eyes.

EXTRA BRUSH

### DERMACOL TIP

How to achieve perfect eyebrows?

- Your eyebrows should rise from the bridge of your nose to 2/3 of their length and then descend.
- Apply the powder eyebrow shadow/pencil from the bridge of your nose outwards and if needed, apply multiple layers.
- To determine the best shape, use two pencils. Place them crossways to the tip of your nose - one pencil is placed straight along the ala of your nose, the other should point towards your outer corner. Your eyebrow should end where the pencil meets it.
- Adjust the color of your eyebrows to the color of your hair (ideally choose a color that is one shade lighter).
- Do not dramatically change your basic eyebrow line - your natural eyebrow shape always complements your face the best.

# The basis of the make-up routine of every woman

Choosing the right mascara is very individual and largely depends on the quality of your lashes. You can choose from among lengthening or volumizing mascaras. You usually have to try several types of mascaras before you can determine which one is best for you.

COLLAGEN+

# Intense rejuvenation for your skin!

Creates a fine film that perfectly smoothen out dry and wrinkled skin. It also moisturizes your skin and retains water. It is one of the main components of the body's connective tissue.

Quickly binds to water in the skin and increases its volume, filling in wrinkles and preventing water loss.

Contains a high percentage of linoleic acid, which is necessary for skin regeneration and balance. It eliminates the symptoms of dry, itchy and irritated skin and protects your skin against allergic reactions.

Is a seaweed extract. It improves the skin's elasticity, nourishes it and protects it against free radicals.

Is an extract from the horse chestnut blossom. It enhances collagen synthesis, restores the young features of your skin and is effective even in the skin's deep layers. It stimulates all main skin components – your skin will be dense and firm.

After the age of 35, the signs of skin aging become more prominent and most people notice that their expression lines appear deeper. The skin becomes drier, starts losing its elasticity and takes much longer to regenerate. This is mostly due to collagen and elastin loss, and in women, it is also due to a lower estrogen level.

Thanks to a cocktail of active ingredients, the Collagen+ face line makes your skin smoother, brighter and thoroughly moisturized and nourished. Your skin will look fresh and young!

## 1. COLLAGEN+ INTENSIVE REJUVENATING DAY CREAM

The cream was developed to soften and rejuvenate your skin. It moisturizes your skin, noticeably reduces the depth of wrinkles and makes your facial contours firmer. Its high quality formula with a high content of collagen and seaweed extract increases the firmness of your skin and restores its elasticity and freshness.

**SPF 10**  
4175, 50 ml

## 2. COLLAGEN+ INTENSIVE REJUVENATING NIGHT CREAM

With its high-quality nourishing formula, it provides optimal care for your skin while you sleep. It reduces the visibility of deep wrinkles, making your skin firmer and softer, while at the same time moisturizing it. If used regularly, it restores the skin's youthful appearance, elasticity and energy.

4176, 50 ml

## 3. COLLAGEN+ INTENSIVE REJUVENATING MASK

This mask lifts, nourishes and rejuvenates tired skin. It restores the skin's firmness and elasticity, while seaweed extract regenerates and moistures your skin. After application, your skin will be pleasant to the touch and look fresh and younger.

5155, 2 x 8 g

## 4. COLLAGEN+ INTENSIVE REJUVENATING EYE & LIP CREAM

This cream eliminates the visible signs of aging around your eyes and lips. Thanks to its high content of collagen, hyaluronic acid, and other effective ingredients, it smoothen and rejuvenates your skin. It helps eliminate puffy eyes and reduces fine lines.

# Even with age, you can ensure your beauty!

As time advances, the skin loses its elasticity and facial features lose their firmness and start to change. Mature skin needs rejuvenating deep care that will nourish the skin. The GOLD ELIXIR line with caviar extract:

- Ensures in-depth regeneration and nourishment
- Reduces deep wrinkles and slows down the aging process
- Firms the skin and increases its elasticity

It contains lipids (for hydration and softness), proteins (for structural components of collagen and elastin & important for growth and tissue integrity), trace elements (P, Ca, Cu, Mn, Fe, Mg etc. important for normal cellular processes), and vitamins.

Narcissus bulb extract increases your skin's elasticity, firms the skin and even reduces deep wrinkles.

It promotes the formation of collagen and elastin, protects the skin against the physical effects of free radicals, soothes and regenerates the skin.

## DERMACOL WHITENING

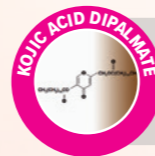

The Dermacol Whitening line is a complex of active ingredients that helps to lighten your skin and effectively acts against pigment spots.

Inhibits the synthesis of melanin and thus prevents the formation of pigment spots, absorbs UV-B rays and protects your skin against free radicals.

This concentrated plant extract increases skin density and firmness. It eliminates uneven surfaces and fills in wrinkles. It also visibly smoothens and firms the skin.

It has lightening effects on existing pigment spots, promotes the formation of collagen and elastin, protects the skin against the physical effects of free radicals and soothes the skin.

### 1. DERMACOL WHITENING FACE CREAM

For day and night use, it contains active ingredients that inhibit the synthesis of melanin, absorb UV-B rays and stop excessive pigmentation. It accelerates skin whitening and helps to reduce pigment spots.  
E4080, 50 ml

### 2. DERMACOL WHITENING GOMMAGE WASH GEL

With micro-pearls, it is intended for daily cleansing of all skin types. It completely removes make-up, any impurities and dead skin cells from your skin.  
E4082, 100 ml

## HYDRATION

# The basic need of every skin type is **HYDRATION!**

Good skin hydration is the key factor in protecting the skin against the first signs of aging, which are due to a lack of water and may appear prematurely. Moisturizing cosmetics products are recommended to be used for their general beneficial effects in terms of increasing and improving the protective functions of the skin. Water helps to regenerate the skin and support cell structures.

### DERMACOL TIP

We recommend using the Moisturizing Gel-Cream during the day as a light cream or as a base under your make-up. The Moisturizing Cream is suitable both for the day and night as it is thicker and also contains hyaluronic acid, which provides your skin with additional moisturizing.

#### 1. AQUA BEAUTY MOISTURIZING CREAM

With a fine texture for both day and night care, it contains the AQUAXYL™ complex and HYALURONIC ACID and guarantees optimal skin moisturizing and protection for your skin against drying out. Your skin will be perfectly moisturized for 24 hours.  
4174, 50 ml

#### 2. AQUA BEAUTY MOISTURIZING GEL-CREAM

This moisturizing gel-cream with the AQUAXYL™ complex and hyaluronic acid optimizes the water content in your skin and prevents desiccation. Its lightweight texture optimizes the moisture balance in your skin and slows down the aging process. Seaweed extracts, vitamins and natural oils restore your skin's elasticity, regenerate it and protect it against adverse environmental effects.

**PARABEN FREE**  
4009A, 50 ml

#### 3. AQUA BEAUTY MICELLAR LOTION

With cucumber and seaweed extracts, it gently cleanses and completely removes impurities and make-up from your face, eyes and lips in one step without the need to excessively rub your skin. Cucumber and seaweed extracts clean, hydrate, regenerate and protect your skin, leaving it soft and supple.

5115, 150 ml

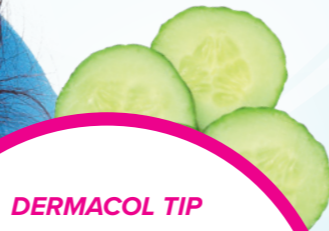

NORMAL & MIXED SKIN

# Give your skin a healthy glow!

Normal skin is the ideal skin type, but it is not very common. It needs moisturizing and everyday care. Combination skin is the most common skin type. The central part (T-zone) is more oily and prone to the formation of skin impurities. Pores tend to be enlarged in the T-zone. On the other hand, the cheeks are drier and softer. This is caused by an uneven distribution of sebaceous glands. Your skin needs both moisturizing and special care to close the pores.

### DERMACOL TIP

Both moisturizing and skin reducing treatment. Because the sebaceous glands are unevenly distributed, it is necessary to properly choose cosmetics products that moisturize drier cheeks and close the pores in the greasier T-zone.

#### 1. VITAL BALANCE CREAM

This softening facial cream with an easily absorbable texture is enriched with shea butter and apricot seed oil to perfectly address the needs of normal and mixed skin. Hyaluronic acid provides intense moisturizing and vitamin E naturally protects the skin against adverse environmental effects and regenerates it.

**PARABEN FREE**

4059A, 50 ml

#### 2. CLEANSING FACE MILK

This face milk was specially developed for the needs of normal and combination skin. It completely removes any traces of impurities and make-up from your skin while treating it at the same time. It contains allantoin, D-panthenol and vitamin E, which maintain the optimum level of skin hydration and protect it against free radicals.

4195, 200 ml

#### 3. WATERPROOF EYE MAKE-UP REMOVER

It efficiently but gently and easily removes all eye make-up (including waterproof) from the eyes and lips. It softens the skin without drying it out.

**PARABEN FREE**

2606B, 120 ml

#### 4. CLEANSING FACE TONIC

This face tonic was specially developed for the needs of normal and combination skin. It cleanses, tonifies, calms and refines the skin all at the same time. It contains cucumber extract and hyaluronic acid, which have excellent astringent and hydrating effects.

4194, 200 ml

It provides significant hydration effects (it is not absorbed into the skin, but creates a thin film on the surface that has the ability to bind large quantities of water from the air).

It has cleansing, moisturising, refreshing and regenerating properties. Thanks to carbohydrates, cucumber extract prevents massive water loss and reduces dehydration, thus providing moisturizing, refreshing and soothing action on the skin.

It contains tannins, which are well known due their anti-microbial, anti-inflammatory and radical scavenging characteristics. Green tea has stimulant, lipolytic and antioxidant properties.

SENSITIVE SKIN

## Balance your skin!

Sensitive skin is characterized by redness and swelling and it negatively responds to both external (smoky environments, light, cold) and internal (stress) influences, as well as washing and cleansing. It shows symptoms such as itching, burning and increased tension.

Effectively treat and rejuvenate dry and cracked skin, soothe irritation, soften and protect the skin. Perfect for delicate and sensitive skin treatment.

A very popular natural substance in cosmetics derived from the shea nut tree, it perfectly moisturizes, soothes and regenerates the skin.

It has antioxidant effects and protects your skin against damage by free radicals.

### DERMACOL TIP

*Sensitive skin needs to be moisturized and protected and it is necessary to restore its balance and defense mechanisms. Therefore, the Dermacol laboratory developed special SENSITIVE care products that provide advanced care and restore the skin's natural balance, rebuild its immunity, protect it and keep it moisturized.*

#### 1. SENSITIVE CALMING CREAM

This nourishing day & night cream with a rich texture and a highly protective effect was formulated for sensitive skin. The olive extract and presence of vitamin E reinforce and restore your skin, keeping it optimally moisturized. Seaweed extracts and shea butter slow down the aging process, protect your skin against free radicals and calm irritated skin.

**PARABEN FREE**  
4060, 50 ml

#### 2. SENSITIVE CALMING TONER

Specially developed for sensitive and fragile skin containing olive extracts and D-panthenol, it effectively completes your skin's cleansing, while at the same time moisturizing it and boosting its resilience. It soothes and moisturizes your skin and creates a protective film.

**HYPOALLERGENIC  
PARABEN FREE**  
4192, 200 ml

#### 3. SENSITIVE CLEANSING MILK

Specially developed for sensitive and fragile skin by containing olive extracts, oat flake extract and D-panthenol, it gently removes make-up and any skin impurities. It calms and softens your skin and boosts its environmental resistance.

**HYPOALLERGENIC  
PARABEN FREE**  
4193, 200 ml

#### 4. SENSITIVE EYE MAKE-UP REMOVER

It was specially designed to gently and efficiently remove make-up and impurities from the sensitive area around your eyes. Cornflower extract prevents irritation, and D-panthenol and olive oil calm and moisturize your skin without unnecessarily drying it out.

**OPHTHALMOLOGICALLY TESTED**  
4191, 150 ml

#### 5. SENSITIVE MICELLAR LOTION

For delicate and sensitive skin, it gently cleanses and removes make-up from your face, eyes, lips and neck in one step without the need to excessively rub your skin. Its softening formula is fragrance- and alcohol-free and is suitable not only for sensitive skin, but also for the sensitive area around your eyes.

PROBLEMATIC SKIN

# GET RID OF ACNE!

Oily, shiny skin with enlarged pores, acne, blackheads, blemishes and visibly excessive sebum are the most typical signs of problematic skin.

This type of skin does not get dehydrated, is thicker with fewer wrinkles and ages more slowly.

## DERMACOL TIP

*It is important to find a balance between the protective amount of sebum and its excessive formation. For the proper cleansing and treatment of problematic acne-prone skin, Dermacol has specially developed the ACNECLEAR line with Australian Tea Tree Oil and Zincidone® which have anti-septic, anti-bacterial and healing effects, regulate sebum formation, absorb it and do not drastically degrease your skin.*

### 1. ACNECLEAR ANTIBACTERIAL FACE WASH GEL

Specially designed for deep cleansing of acne-prone skin, it removes all impurities, visibly contracts pores, supports skin regeneration and refreshes the skin.

4359A, 150 ml

DRY SKIN

## Return softness to delicate and dehydrated skin!

Delicate skin with pink undertones with less visible pores, peeling skin, red blotches or skin that suffers from an intense feeling of tightness after cleansing are the main signs of dry skin.

**DERMACOL TIP**  
*Dry skin does not contain enough sebum or moisture. As you get older, your skin shows more dry wrinkles and becomes sensitive and often turns red. It is necessary to apply an abundant dose of nutrients and water to create a protective layer against environmental factors and other signs of aging.*

They stimulate fat splitting and actively prevent fat deposits. They help promote blood circulation in problematic parts of the body (abdomen, buttocks and hips) and help eliminate excessive water from the body.

It has antioxidant effects and protects your skin against damage by free radicals.

It has calming, regenerating and moisturizing effects.
